Details

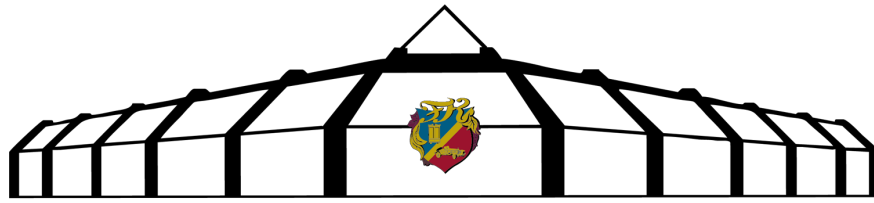

A wonderfully beautiful, in 2008 restored Jaguar XK140 DHC convertible with C-head and -matching numbers- dark blue / dark blue with blue leather combined in fantastic color combination and blue top. It is a European first delivery left-hand drive. The car was restored by a German specialist -frame off- and brought closer with various technical modifications to today's requirements. So was the Moss gearbox replaced by a fully synchronized gearbox Gtrag. In addition to built-up during the restoration power steering, power brakes, disc brakes and a new harness was also installed a new tank.
