Acceleration 100 km/h	14.5 s
Torque	142 Nm
Curb weight	1160 kg
Fuel	Benzin
Type of fuel	Super
Environmental badge	none

Details

This Mercedes 190 SL is an early model with first delivery from the year 1956, whose frame-off restoration has just been completed. After the long and very extensive total restoration, with a specialist for these vehicles, you will find here a 190 SL in the elegant color combination anthrazitmetallic and leather cognac 2-tone. Accessories: radio, armrest, case set. The 190SL series from Mercedes is now in great demand. Because of its pleasant reliability and, of course, its elegant line, it is one of the most popular vehicles in the vintage segment. Despite the high purchase value, the frames are increasingly popular. For such a restoration, usually 2,500 to 3,000 hours of laborious work is invested. Through the progress of the last 50 years, these vehicles can be restored much better, more reliably and more durable than they were built at that time.
