Details

Very beautiful 356 SC convertible with CH approval, already with disc brakes and side refueling. The car is in the last year ended frame-off restoration in classic color combination black / black. The Porsche 356 C is the last series of the 356. The C version hides your essential changes under the sheet metal. As with the Carrera 2 since 1962, all four wheels are now retarded with disc brakes. The engine range has been reduced by the 60 hp version. The 75 HP version (1600 C) is as well as the 1600 SC, which comes to 95 hp. You could choose among coupe, convertible and hardtop convertible.
