Details			

Lighter, stronger, faster! This is how the Ferrari 458 Speciale presents itself compared to its base model. The 4.5-liter engine delivers 605 hp and 540 Nm of torque. With a power to weight ratio of 2.13 kilograms per horsepower, the 458 Speciale sprints in smooth three seconds to 100 km/h, the top speed is 325 km/h. This Ferrari 458 Speciale was ordered in the great color combination Giallo Modena with Nero Alcantara interior and is in a very good condition. The Ferrari is second hand and still has very few kilometers. The equipment is very extensive with many carbon options and reflects the lightweight design of the vehicle again. It was also checked-book maintenance at the Ferrari dealer and is accident-free. Further information is available upon request.
