### Details

Porsche 991.1 Turbo S Coupe in a very well-maintained condition from second hand with approx. 60,000 km. The Porsche was brought shortly after delivery to the renowned Porsche tuning company RUF and was optimized both technically and optically. In addition to an adaptation of the software a coilover suspension, as well as an exhaust system of RUF was mounted. The individualization by a wrap was also carried out by RUF. On request, this would of course be removable. In addition to the extensive standard equipment, the Turbo S has been fitted with almost every optional equipment that was available from the factory. The 18-way adjustable seats were among the Burmester Surround Sound System, the Carbon Interior Package, as well as a seat heater and much more installed. With this Porsche you have a true wolf in sheep's clothing. With 640 hp and 860 Nm of torque, this sports car never lacks power! The Turbo S was maintained at Porsche and is both repaint-free as well as accident-free. Further information is available upon request!
